

# Montepulciano 2023

## WINEMAKER NOTES

Montepulciano (mon-tae-pul-chee-AH-noh) is a transplanted from southern Italy that produces well-rounded smooth wines of deep color. The growing conditions of the High Plains are perfect for this grape and only enhance the Texas reputation as the “Mediterranean of North America.” Montepulciano is as fun to drink as it is to say.

## TASTING NOTES

The 2023 Montepulciano is light in body with a delicate red hue. It greets the senses with oak aromas, violets, and prunes. Flavors of cranberry, red plum, and a smoky sweetness integrate well with the soft tannins on the finish. A rich yet delicate wine to be enjoyed from the first sip to the last drop.

## TECHNICAL NOTES

### Varietals & Vineyards:

100% Montepulciano from Reddy Vineyards Brownfield, TX

### Harvest Date:

October 7, 2023

### Aging:

Stainless steel with 4 months in neutral oak
