

# Viognier 2023

## WINEMAKER NOTES

Viognier (Vee-own-yay) is a white grape that has its origins in the Rhone region of France. It is gaining in popularity all over the world. It tends to have a fuller body similar to a Chardonnay, but with a more floral characteristic in the aroma. It does well in Texas because it tends to require a warmer growing region. This makes it particularly suited to the Texas High Plains.

**VIIGNIER**  
Texas High Plains

## TASTING NOTES

The 2023 Viognier has an inviting straw color. It is exploding with aromas of delicate flowers, white pear, golden apple, and a hint of citrus. Pear flavors carry over and mingle with start fruit, honey crisp apple, and ananas melon. The complex finish lingers with mandarin orange and the hint of pear that started your viognier journey.

## TECHNICAL NOTES

### Varietals & Vineyards:

57% Viognier from Diamante Doble Vineyards  
Tokio, TX  
43% Viognier from Bingham Family Vineyards  
Meadow, TX

### Harvest Dates:

August 14, 2023  
August 17, 2023
